## GENERAL INFORMATION

### HISTORICAL SKETCH

The origin of Rutherford College antedates by several years the great civil strife among the States. The school was begun in order to meet a local need, and was conducted distinctly as a local school until the year 1871. In 1871, after the war clouds had passed away and the soldiers had returned to their homes from the contest to regain their lost fortunes, the institution entered upon the second stage of its history. Through the generosity of Mr. John Rutherford, two hundred acres of land were set aside and given to the authorities on condition that the school be made an academy. The offer was accepted and the school received the name of Rutherford Academy. It continued to be known by this name until 1873, when an additional offer of two hundred acres of land was made on condition that the academy be made into a college. The authorities accepted the grant of land, made improvements on the buildings, greatly enlarged the curriculum, and acquired a charter from the Legislature of North Carolina. From that time till the school passed into the hands of the Conference it was conducted under the charter as Rutherford College.

Dr. R. L. Abernethy, a man of strong character and large brain, had the school in charge from the time of its foundation to his death, which occurred on November 27, 1893. The school was very ably governed under the administration of Dr. Abernethy. He was succeeded in the presidency by his son, Prof. W. E. Abernethy, who managed the school until 1900 when the school passed into the hands of the Western North Carolina Conference of the Methodist Episcopal Church, South. Many useful men were educated under the old regime. The Conference decided to conduct the institution as a secondary school of high order. Dr. C. C. Weaver was chosen president. He continued in control of the school until 1903, when Prof. A. C. Reynolds was elected to the presidency of

the college.

In 1905, Rev. J. H. West, Presiding Elder of the Morganton district, was chosen by the board of trustees as successor to Professor Reynolds, to serve until the convening of the approaching Annual Conference in November, at which time Prof. Loy D. Thompson was selected to take charge of the

school. In December, 1906, Professor Thompson resigned because of ill health. Prof. W. W. Peele was elected as his successor. In 1909 Prof. Peele resigned in order to enter pastoral work and Prof. I. B. McKay was elected to take his place. Professor McKay served two years and Professor M. T. Hinshaw was elected to succeed him.

### LOCATION

Rutherford College, Burke County, N. C., is at a distance of only three-fourths of a mile from Connelly Springs, on the Southern Railway. It is admirably situated, being in close proximity to Lenoir, Hickory, and Morganton. The above places, each about ten miles from the College, are at a distance such that the students can conveniently do necessary shopping at any of them and yet the College be free from the evils that are incident to the town. The moral sentiment is of a very high grade. Students are surrounded by good influences, and it is safe to say that no student will leave the school without feeling that he has lived in a place where there is a premium on right conduct.

The natural advantages of Rutherford College are not surpassed in the State. Situated on the foothills that lead up to the Blue Ridge, at an elevation of 1,200 feet above the sea, and encircled by the most inspiring mountain scenery, it is ideal as a site for a school and as a home for those who love "God'sout-of-doors." The location is especially noted for its healthfulness. Several years ago the United States Geological Survey, after examining the soil, stated that Burke County is one of the most healthful localities in the United States. The climate is all that could be desired.

We have two mails each day to and from Connelly Springs,

and telephone service.

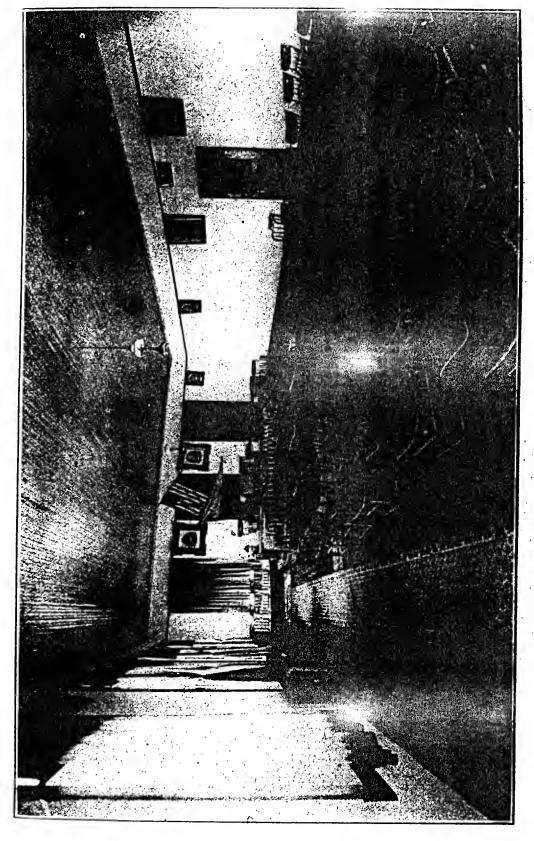

### BUILDINGS AND GROUNDS

Through the generosity of Dr. T. V. Goode and Mr. J. E. Coulter about twenty-five acres of land came into the hands of the trustees in 1914. To this plot has been added an equal amount making the campus of New Rutherford College, and it promises to be among the prettiest school grounds in the State.

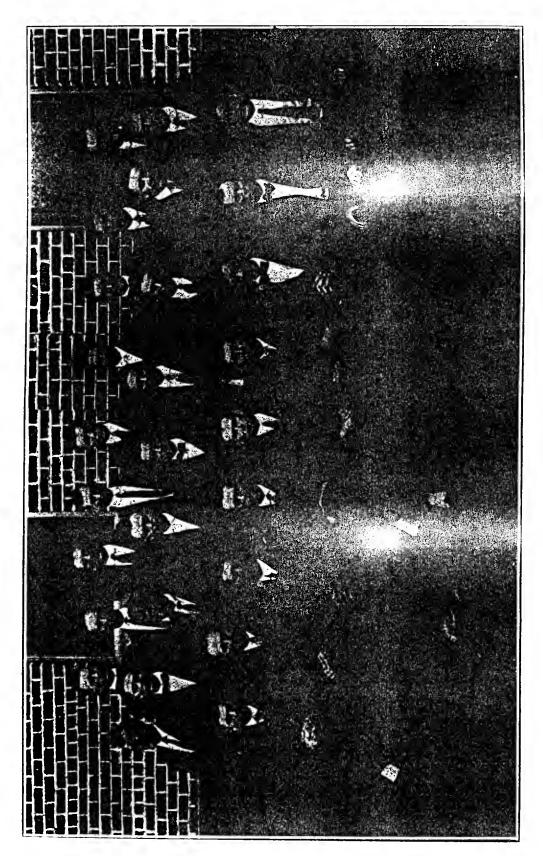

There are three buildings at present on the new campus and plans are under way to erect another brick building this summer-a dormitory to accommodate one hundred boys.

The Administration Building is a large brick structure with a commodi ous study hall furnished with single desks, four

Twenty-Seven of the 41 Ministerial Students Enrolled at Rutherford College

large recitation rooms furnished with the best recitation seats, and others to be furnished, three society halls of more than ordinary size and beauty, an auditorium with a seating capacity of about 800, offices, basement, and laboratory. The entire building is steam heated.

The next largest building on the camous is a dormitory constructed of the timber from the old college building. This is a large building containing thirty-two bed rooms, dining hall and kitchen, and three rooms for matron and managers.

The third building is a cottage with six rooms, now occu-

pied by two married ministerial students.

### DINING HALL AND DORMITORY SYSTEM

Under the management of capable matrons, our dining hall and dormitory system is successful. Table board is furnished at actual cost. They have kept the average cost at about \$8.00

a month during the last two years.

Each room in the dormitories is furnished with all necessary heavy furniture, and can be secured for one dollar per month. Where two students occupy one room, the price will be fifty cents each. This dining hall and dormitory system enables any young man to attend Rutherford College a scholastic year for \$125. Five dollars must be paid in advance each month.

### CHARACTER AND OBJECT OF THE SCHOOL

The school has long been chartered as a College. When it passed into the hands of the church, the agreement was that it should be conducted as a secondary institution of higher grade. It was thought best to leave the name unchanged, but at the same time it was distinctly understood that no degrees should be given. Rutherford College, is therefore, properly classified among the secondary schools of the church. It is first of all a high-grade fitting school intending to prepare young men for college. To this end it offers thorough courses leading up to a college course. These courses are based on the requirements for admission into the best Southern Colleges. The completion of the course entitles the student to a certificate. However, it is emphasized that the end to be sought is not merely possession of this certificate, but a sure foundation in the ground work of education.

The school also intends to provide, for persons of limited means or time, a good general education. Many think they can never go to college, a large majority of the citizens of our State being in this class, and for these provision is made, enabling them in this school to acquire even more than a sec-

ondary education. To do this, work will be planned for those students who wish to do some college work, but feel that they are not able to attend the larger and more expensive institutions.

Under the management of the Methodist Church, the school has not only taken high rank among the secondary schools of the State, but is each year sending out many students, who teach in other schools, enter the regular ministry, or go to some of our best colleges, for the purpose of securing a higher education or preparing for some profession. The work of the school has obtained for itself favorable recognition from our best institutions.

Thus the College has become an important factor in the education of the State.

Rutherford College is a Christian school, under the management of the Western North Carolina Conference, Methodist Episcopal Church, South. It believes in Christian education. It is a school with a purpose, and this purpose may be stated in a few words—the thorough development of all the powers of the student with such direction as to lead up to the highest type of Christian manhood and womanhood.

### **EXPENSES**

The intention of the management of Rutherford College is to place a good education within reach of all. To this end every effort is being made to reduce to the lowest the necessary expenses of an education at this school. While the expenses at school vary according to the habits of the student, yet a good average may be secured from the following table:

average may be becared from the following lable.	
Tuition (term)	\$18.00
Matriculation (term)	3.50
Table board per month\$8.00 to	12.00
Board and room in family\$12.50 to	18.00
Room in dormitory per month\$0.50 to	2:50
Society dues per year	2.00
Laundry per month	1.00

There are also three special departments for which fees are charged:

A fee of fifty cents per month will be charged for use of piano in practice.

The matriculation, athletic, and damage fees are paid at the beginning of each term and no student can enter school until these fees are paid.

Each dormitory in the building is furnished with a bed, with springs, washstands, table, chairs, and a heater. Other things necessary are to be furnished by the students. Every occupant is held responsible for any disorder occurring in his room, and must pay for any damage to furniture beyond necessary use. A deposit of \$1.00 is required of each student who takes a room in the dormitory. When he leaves his room in good condition this fee is returned. Wood can be secured at \$2.50 per cord. Books can be had at cost from the book room, which is controlled by the College.

The above rates are as low as can be offered. Tuition will be charged by the quarter, and must be paid on or before September 10 for the first quarter, on or before November 10 for the second quarter, on or before January 10 for the third quarter, on or before March 10 for the fourth quarter. No stu-

dent will be received for less than one quarter.

### SONS OF MINISTERS

Sons of ministers in active service are charged only half tuition. They are required to pay in full all other school fees.

### CANDIDATES FOR THE MINISTRY

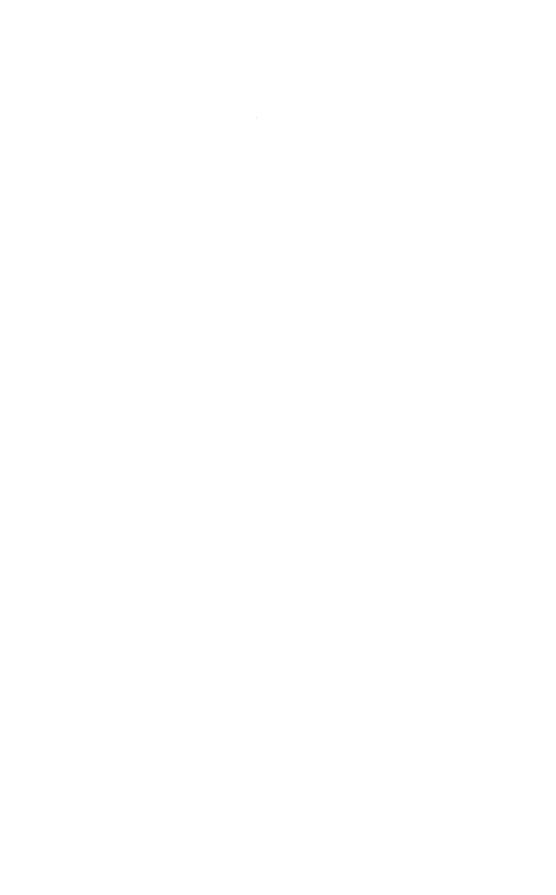

Candidates for the ministry must be bona fide candidates when they enter school, otherwise they can not be classed as ministerial students. The candidates must bring recommendations, one from his pastor and one from his presiding elder, at the time he enters school. All who do this will be required to give their notes for tuition. If they enter the regular ministry within a reasonable time after leaving school these notes will be surrendered to them; otherwise they will be collected.

### CONDITIONS OF ADMISSION

There are two ways in which students may be admitted. In the first place, they may enter by certificate from schools of recognized standing. These certificates will admit a student to the classes for which he is prepared. Other students will be assigned to classes for which they are suited. A student who has been conditioned at entrance on a subject may be allowed to take advanced work, but in all cases he must remove the conditions in a manner satisfactory to the instructor.

### STANDARD OF SCHOLARSHIP

We make the quality of work done, and not quantity, our standard. We insist on thoroughness—not on examination only, but in every-day recitation work. The final grading is

done on an average, counting two-thirds on daily grades and one-third on examination. The work assigned for each recitation must be done.

The following is our method of grading:

90-100, Excellent "A" 80-90, Good "B" 70-80, Fair "C" 60-70, Conditional "D" 0-60, Failed "E"

These grades are made out by the instructors on the basis of both recitation and examination. A student who has failed on any subject shall be entitled to a second examination, provided that application for such examination is made within one month from the time of failure.

### HOURS AND CREDITS

A course once entered must not be discontinued before the end of the term, except by consent of the Faculty. Every student must have at least eighteen recitations a week.

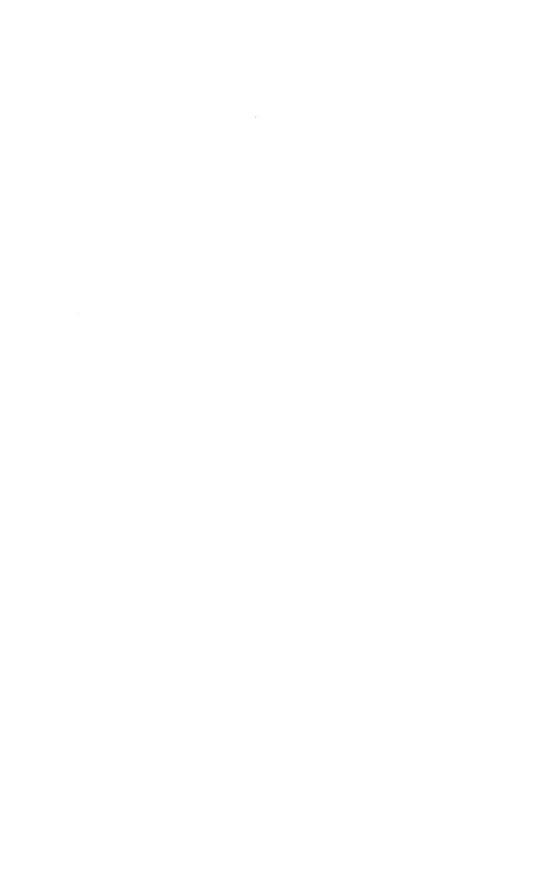

### GOVERNMENT

The essential element of all government is authority. In any well organized community, whether it be a municipal or college community, there must necessarily be governors and those who are governed. The Faculty here maks it a point to instruct the students in the necessity of yielding obedience to constituted authority. When a student refuses to abide by the regulations of the school management and persists in displaying the spirit of insubordination, his immediate withdrawal from our institution is required.

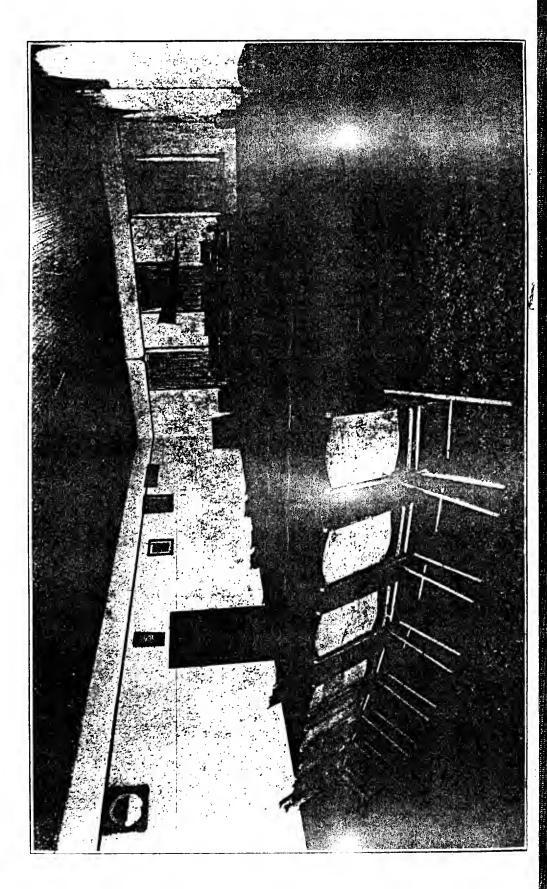

### EXAMINATIONS AND REPORTS

Two examinations are held during the year—one in December, and the other in May. The examinations are written and are three hours in length. Upon these together with recitation work, depends the advancement of students to higher classes. A student absent from a final examination, will be required to take the examinations on his return to school; he will be charged a fee of \$3.00 for these special examinations.

Two reports of the work and conduct of the students are sent parents and guardians during the year. Parents are urged to write freely, and their letters shall receive prompt attention.

# ADMINISTRATION BUILDING

### LITERARY SOCIETIES

The students maintain three well-organized literary societies known as the Platonic, Newtonian, and Victorian. These societies have been organized, and are controlled by the students. The Platonic Society was organized in 1860; the Newtonian in 1858; and the Victorian in 1901.

These organizations have been an essential part in the machinery of the school, and are regarded by both Faculty and students as indispensable auxiliaries in the cultivation of oratory, forensic discussions, declamation, and composition. All public speeches must be submitted to a member of the Faculty before they are spoken in public.

In these society halls the student not only learns to think on his feet and express himself intelligently and with skill, but also has an opportunity to familiarize himself with parliamentary laws and practices and the rules that govern all public assemblies. These halls serve the young men and women of to-day as training schools, in which may be learned lessons of self-control, honor and faithfulness to duties assigned. The Faculty considers the work of these societies very important. In fact, the authorities of the school regard the work done by the student in the society meeting as so helpful, beneficial, and of so much significance in his college life, as to warrant them in making it compulsory for all students of the school to connect themselves with one or the other of the societies.

The halls are well fitted up and handsome in every way. They are furnished with chairs, their walls are papered, and their floors are carpeted. Three more elegantly equipped and tastefully arranged society halls cannot be found among the secondary schools of the State.

### LIBRARY

The use a young man makes of a library, and the frequency with which he resorts to it for information, serves as a partial index to the nature of the work being done by him. The library is the workshop of the College, and should be so regarded by the students. A librarian has charge of the books, and sees that they are not abused or misplaced. The doors of the library are opened from 4 to 5 during which time books may be taken out under prescribed regulations.

Of course, in the short time we have had in building up the library, we have not been able to collect a great many books. The work of securing books for the library has just

begun. There has been erected on the College Campus a library building, the gift of Mr. Andrew Carnegie to the town of Rutherford College. The college library is placed in this building. Here books and periodicals belonging to the school are kept. The best magazines are received regularly, thanks to the generosity of Mr. G. F. Ivey, of Hickory, N. C.

#### RELIGIOUS ADVANTAGES

#### REV. B. WILSON

The authorities of this institution realize that the young women and young men are away from the influences and restraints of home at the most critical period of life. Therefore it is their sincere endeavor to bring to bear the most direct and intentional effort for the purpose of securing the highest and noblest spiritual development of all the students.

Services are conducted every Sunday morning in the College chapel either by the pastor, some visiting minister, or

some member of the school.

On every College day, in the morning, devotional exercises are held in the chapel, at which all students are required to be present.

#### SUNDAY SCHOOL

#### JOHN RODERICK, Superintendent

#### BESSIE HAVNER, Secretary

The Sunday School meets every Sunday morning at 9:45 o'clock for song service and Bible study. Attendance upon this service is required of all students.

#### Young Men's Christian Association

This organization is one of the most useful agencies connected with the school. All young men should become members of it, either active or associate.

Bible classes conducted by the young men meet once a week. The main object is to increase daily systematic Bible study

among the students.

Delegates attend each year the Interstate Convention and the Southern Students' Conference, in order that they may prepare themselves as leaders.

The regular service is held every Sunday afternoon. These

meetings are very interesting and profitable.

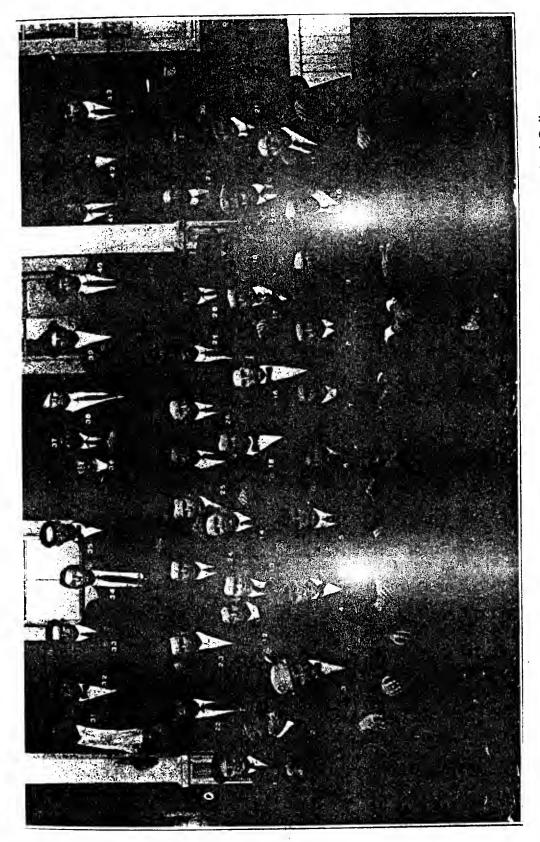

The influence of the association is wholesome and indispensable to the best work of the school.

#### ATHLETICS

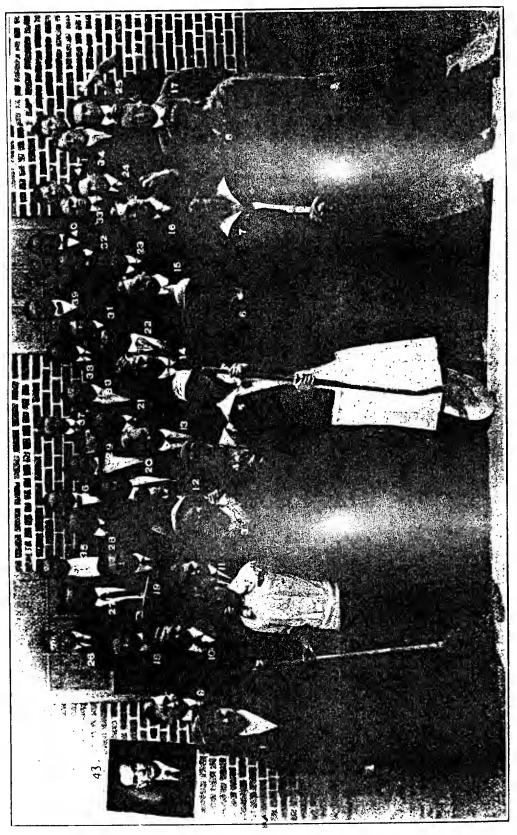

In order to aid the student in securing and maintaining a healthy and vigorous condition of the body such as is essential to enable him to stand the constant drain made upon him by close mental application, he is encouraged to participate in outdoor sport such as tennis and baseball. For those who prefer the less vigorous exercise of walking, ample opportunity is afforded by frequent tramps to the river and mountains which are nearby. Baseball is played in the early Fall and Spring. Basketball is also played in late Fall and Winter. As much emphasis is given to gentlemanly conduct on the ball ground as in the College building. Athletic sports are strictly under the control of the Faculty.

High School Department

### Purpose and Scope

The purpose of this department is thoroughly to prepare students to enter unconditionally A grade colleges or the universities. The importance of thorough preparation for the pursuit of a college education is keenly felt and to that end great effort is made to have students master their subjects.

The High School course covers a period of four years. To be a full graduate of this department, a student must do at

least fifteen units of approved high school work.

#### CONDITIONS OF ADMISSION

For admission to the high school department, the student should complete the seventh grade as outlined for the public schools of North Carolina. For those lacking this preparation, some seventh grade work is given.

#### REPORTS AND CREDITS

The courses of work are divided into two terms of four and a half months each. At the close of each term examinations will be held on all subjects and grades made on them will be sent to parents or guardians.

Upon the completion of thirteen units, a student may appear in the graduating class and receive a certificate indicating the subjects completed. Of the fifteen units required for graduation, there must be three units of English, and at least two of Mathematics, two of History, two of Latin.

## Courses of Study

# ENGLISH BIBLE PROFESSOR USRY

There is nothing that will help young people more than a knowledge of the Bible. No course is so much needed, and yet more neglected by our schools than this one. For this reason this study has been made compulsory. The object of this department is to make the students familiar with the Bible and to impress them with religious truths.

Course 1—The four Gospels and the Acts. It is the aim of this course to bring the student to a saving knowledge of Jesus Christ and to supply him with those fundamental truths:

of Christianity that are most essential to Christian character. Course 2—The Old Testament heroes and the narrative

portions of the Old Testament. Lectures on the history, principles, and events related to the portions read.

Course 3—The epistolary sections of the New Testament

and the Revelation.

Course 4—A literary study of Job the Psalms, and the wisdom literature of the Bible.

#### **ENGLISH**

#### PROFESSOR WALKER

A student taking four years' high school and the two years' college English at Rutherford College reads and studies seventy-five great books in English literature. There are assigned in the high school, thirty-two; in the college forty-seven; total seventy-nine; but four come twice in the course; hence there are seventy-five.

Course 1—Buehler's Modern English Grammar (Revised). Weekly themes. For study: Parts of Tennyson's Idylls of the King. For reading: Parts of the Bible; Shakespeare's The Merchant of Venice; Bunyan's Pilgrim's Progress.

Course 2—Buehler's Modern English Grammar (Revised). Weekly themes. For study: Shakespeare's Julius Caesar; Washington's Farewell Address. For reading: Selections from the Bible; Defoe's Robinson Crusoe; Hughes's Tom Brown's School Days; Irving's Sketch Book (200 pages); Tennyson's Gareth and Lynette, Lancelot and Elaine, and The Passing of Arthur.

Course 3—Thomas and Howe's Composition and Rhetoric. Frequent written exercises. For study: Shakespeare's Macbeth; Milton's Minor Poems. For reading: Selections from the Bible; Shakespeare's Richard III; Swift's Gulliver's Travels; Dickens's David Copperfield; Lockhart's Life of Scott (200 pages); selections from Lincoln; Palgrave's Golden Treasury

(First Series), Books II and III.

Course 4—Frequent written exercises. For study: Shakespeare's Hamlet; Palgrave's Golden Treasury (First Series) Book IV; Burke's Speech on Conciliation with America; Macaulay's Life of Johnson. For reading: Selections from the Bible; Shakespeare's Henry IV; Shakespeare's The Tempest; Goldsmith's Vicar of Wakefield; George Eliot's Silas Marner; Addison's Sir Roger de Coverley Papers; Boswell's Life of Johnson (200 pages); Thackeray's lectures on Swift, Addison, and Steele in The English Humorists; Trevelyan's Life of

Macaulay; Goldsmith's The Traveler and The Deserted Village; selections from American poetry.

# College Department

### Purpose and Scope

This department is intended to prepare students to enter the junior year in the best colleges and universities. This fact is kept before the students. The course is so arranged that no suggestion of completing a college education is made. The two years' work is designated as freshman and sophomore. This avoids the idea of being juniors and seniors, which is misleading in some cases in institutons that do not offer a complete college education.

Courses covering two full years of college work are given. Thirty hours' work, based on an entrance requirement of

fifteen units, is required.

#### REQUIREMENTS FOR ADMISSION

For unconditional entrance students who are not graduates of the high school department of Rutherford College must give satisfactory evidence that they have done fifteen units of preparatory work at some recognized school. For conditional entrance a student is admitted on thirteen units of recognized work. Of the required units three must consist of English, two of Latin, two of Mathematics, and two of History, the other units may be selected from French, Greek, Latin, History, Mathematics, Physics, Physical Geography.

#### REPORTS AND CREDITS

Each year's work is divided into two terms: Fall Term and Spring Term. At the end of each term an examination will be given on each subject. Reports based on daily work and examinations will be sent to parents and guardians. On the completion of thirty hours' work prescribed for this department, a diploma will be granted, which will, of course, bear no degree.

#### How to Estimate Units

### Courses of Instructions

#### BIBLE

An intensive study of the New Testament will be attempted in the Bible study of the College Department. The life, office. and work of Christ and such fundamental principles needful to give an intelligent faith in Christianity will be carefully studied.

#### Freshman Year

Fall Term: New Testament—Gospels by Matthew and Mark.

Spring Term: New Testament—Gospels by Luke and John.

#### Sophomore Year

Fall Term: New Testament. Pastoral Epistles. Spring Term: New Testament—Catholic Epistles.

#### MATHEMATICS

PROF. M. T. HINSHAW AND MESSRS. BURNSIDES AND COULTER

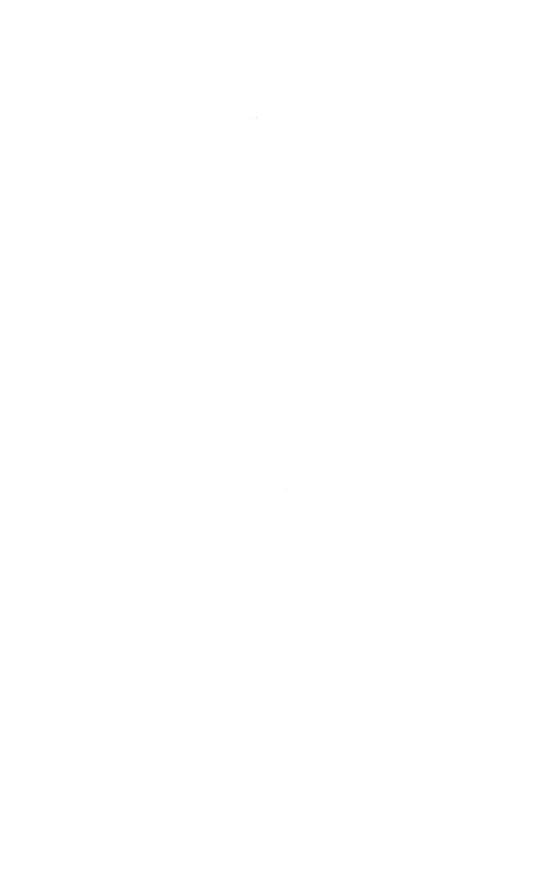

#### Freshman Year

Fall Term: College Algebra.—Thorough drill is given on the Binomial Theorem, Logarithms, Permutations, and Combinations. Four recitations a week throughout the Fall Term.

Spring Term: Solid Geometry.—Three books of solid geometry are covered in the term. Considerable time and effort is given to the original exercises. Four recitations a week.

Sophomore Year
Trigonometry.—Thorough drill in Trigo-Fall Term: nometric functions, exercises in formulas, solutions of triangles, etc. Four recitations a week.

Spring Term: Analytic Geometry.—The greater part of

the time is given to the study of the equations of the Straightline, Circle, the Parabola, the Ellipse, and the Hyperbola. Four recitations a week.

# GREEK PROF. M. T. HINHAW

Freshman Year

Fall Term: Homer's Iliad.—Two books with special emphasis on vocabulary and translating. Four recitations a week.

Spring Term: Homer's Iliad.—Third book with special care in the study of Homeric forms and prosody, and as much rapid reading as time will permit. Greek Grammar used throughout the year. Four recitations a week.

Sophomore Year

Fall Term: New Testament Greek.—A careful translating of the Gospels by Matthew and Mark, with the study of Constructions. Four hours a week.

Spring Term: New Testament Greek.—A careful translating of the Gospels by Luke and John, with the study of Constructions. Grammar for reference throughout the year. Four recitations a week.

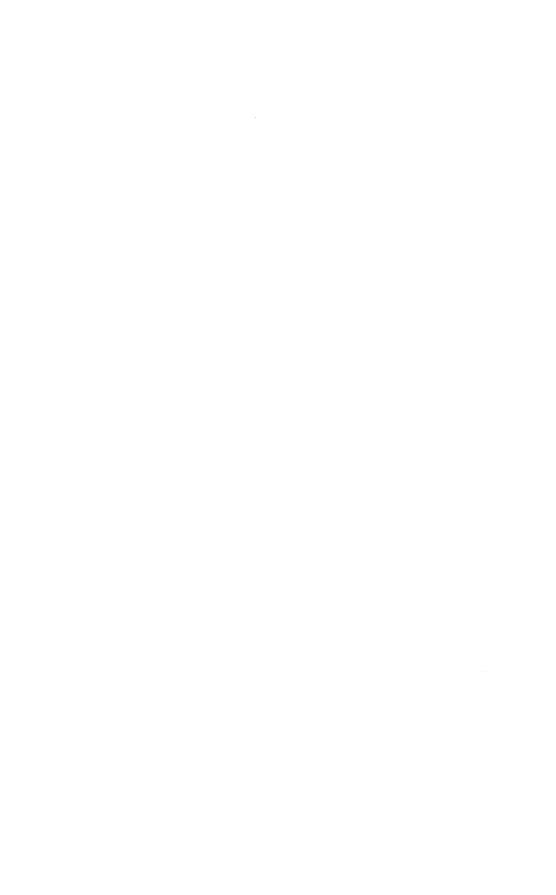

Note.—To accommodate the large number of ministerial students New Testament Greek may be used in both college years by special request, using Pastoral Epistles for the Fall Term and the Catholic Epistles for the Spring Term.

#### ENGLISH PROFESSOR WALKER

A student taking freshman and sophomore English is required to read and study forty-seven great books in English literature.

### Other Departments

PIANO DEPARTMENT, MRS. J. R. WALKER

It is the aim of the teacher of piano to give thorough instruction. The time required to complete the course depends upon the age, the endowments, the adaptability and concentrative powers of the pupil. Every effort is made to teach the pupil how to think, to practice, to memorize, and for those who wish to teach, how to do so.

Grade I. Finger exercises and preparatory scale work. New England Conservatory Piano Method, Parts I, II. Ap-

propriate pieces.

Grade II. Scales and simple arpeggios, practical finger exercises. Duvernoy's Ecole du Mecanism, Parts I, II, III. Easy sonatas and pieces.

Grade III. More complicated scale work. Preparatory

octave work. Czerny's Etudes de la Velocite, No. I and II.

Grade IV. Scales in double thirds and sixths; study of

octaves. Studies by Czerny, Opus 740.

Grade V. Cramer, Parts I and II. Mocheles, Parts I and II. Pieces by Liszt, Grieg, Chopin, and others.

# BUSINESS COURSES MISS MERRIMON

This course consists of Shorthand, Typewriting, and Penmanship. Entire course given for twenty-five dollars. Shorthand or Typewriting separately twelve and a half dollars. Fees collected in advance.

# SPECIAL COURSE FOR MINISTERIAL STUDENTS PROF. M. T. HINSHAW PROFESSOR WALKER

The Discipline, Banks's Manual, and other subject prepartory to securing license to preach and entering Conference.

#### Course for Wives of Married Ministerial Students

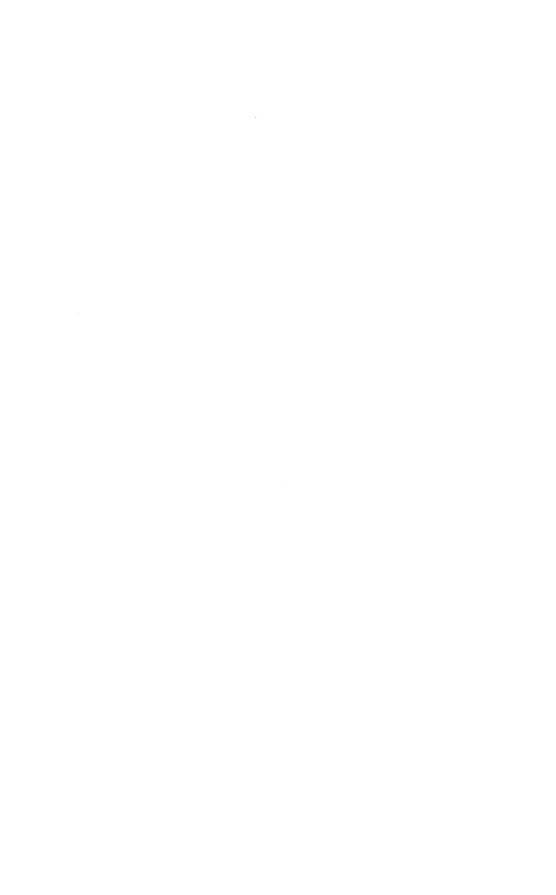

This course is planned for the convenience of the wives of the married Ministerial Students who move their families to Rutherford College, the number of whom this year is seventeen. This course grows out of the fact that the minister's wife is in no less need of an education than the minister himself.

The course consists of English Grammar, Rhetoric, Classics of the entire High School and College Courses. The work is so planned that a large part of it can be done in the home. Weekly reports will be required and written work sent to the teachers of the different departments. At least one lecture will be given each week.
